

*thank you*

Hello E. Wesley Team -

I am writing to offer a note of thanks. My name is Ayanma Jordan and I was a recipient for several years of the E. Wesley incentive award and in 2014, the E. Wesley / Key Bank scholarship. I just wanted to thank you for the encouragement & financial assistance. Since then I have graduated with my degree in Biology from TCC (it took me a little while due to ongoing health issues but we made it!), and hope to work in the field of environmental science / sustainability. To my fellow class of 2020, congrats and thank you again to the E. Wesley donors, staff & volunteers. Sincerely,  
Ayanma .J
